

# SAFEGUARDING

WYMONDHAM  
COLLEGE

We are all at our best when we know we are safe and valued. At Wymondham College the safety of our students is paramount. Keeping children safe in education is at the forefront of our care. It is the responsibility of all staff to ensure the safety of our students and we take this responsibility extremely seriously. All staff are employed under safer recruitment guidelines and are trained in safeguarding and promoting the welfare of young people, before they are allowed to begin employment at the College. This enhances the exceptional environment of learning and enjoyment that is at the heart of life at Wymondham College.

We trust that all visitors adhere to our aims of keeping students safe within our care. Please report any concerns you may have regarding the safety of students at the College to any member of staff or to the following staff directly.
